# TWO KILLED IN CAR CRASH SUNDAY

## Russian Tanks Work To Halt German Revolt

BERLIN June 29 (UP)—Russian troops and Communist police fanned out across Soviet Germany today with orders to crush the last traces of the 12-day old workers' revolt in the puppet state.

Strikes and slowdowns were reported in four of Red Germany's five provinces, despite the harsh Russian martial law under which at least 50 persons had been executed and more than 48,000 imprisoned.

Only Brandenburg province, which surrounds Berlin, was completely quiet today.

The rest of the Soviet Zone was reported in turmoil, from Warnemunde on the North Sea coast to the heavily guarded uranium zone on the frontier of Communist Czechoslovakia.

Defiant strikers were said to have flooded many uranium mines in the border zone, putting them out of production for months.

Much of Red Germany's railway network was tied up by strikes—especially the lines linking Berlin with Red Poland, said to have been used last week by deportation trains carrying thousands of political prisoners to the East.

Political trials and police raids on workers' homes were reported over the weekend in Warnemunde, Gdansk and Stralsund, indicating the extent of anti-Communist unrest in the zone.

In Eisenach, 3,200 automobile workers had walked off the job in a strike protesting the mass arrests of workers following the June 17 revolt.

Similar strikes crippled production at key factories in Merseburg and Halle.

The Communists were busy revising industrial plans for Soviet Germany in an effort to appease the rebellious workers, they projected in the future to concentrate on consumer goods rather than heavy industry — "butter, not guns," to quote Red Vice Premier Otto Nuschke.

## "Bobo" Settles Down In Separated Husbands Home

NEW YORK June 29 (UP)—Blonde Bobo Rockefeller settled down to "stay" today in the Park Avenue apartment of her estranged husband, Standard Oil heir Winthrop Rockefeller.

Mrs. Rockefeller and her four-year old son, Winthrop Paul, sneaked into the apartment early Sunday while Rockefeller was in Little Rock, Ark., apparently setting the legal stage for a divorce.

"I wanted to come home and I'm here to stay," Bobo said after slipping past servants who had been ordered to keep her out.

She said she made the sudden move from the Indiana farm home of her parents "on the advice of my attorneys." She indicated she would tell more about her plans at a press conference late today or tonight.

Rockefeller, who announced last month he had set up a \$1,000,000 trust fund for Bobo, had left strict orders that she was not to be admitted to the apartment during his absence in Arkansas.

Bobo, daughter of an immigrant coal miner, married the oil millionaire in 1946 and they were separated a year later. Rockefeller was reported to have gone to Little Rock to establish 90-day residence in Arkansas in preparation for seeking a divorce.

Since the separation, Bobo and the child had been living in Chicago and on her mother's 80-acre farm at Lowell, Ind. Several months ago Bobo complained that she was "broke" and forced to live off the "charity of my family and friends."

## Rain Falls Over Nation

By United Press  
Showers fell from New England to the Gulf Coast early today, and even bone-dry Texas got a sprinkle of precious rain.

Meanwhile, at least 41 persons drowned during the weekend—most of them Sunday. The total was far less than the 100 water deaths reported last weekend, probably because of lower temperatures and cloudy skies.

The weather wrought one maritime disaster Sunday when a Brazilian freighter and a Gulf oil tanker collided in heavy fog off the New Jersey coast. At least one man was killed and the fate of 24 Brazilian crewmen was not known.

Although rain fell over most of Texas except the western portion, the moisture was not considered heavy enough to save burning crops and pasture grass, or ease municipal water shortages.

The drought was so severe in the Lone Star State, Oklahoma, and east Colorado and other southwest areas that Secretary of Agriculture Ezra Benson announced the federal government would begin a program of disaster relief "within hours."

The U. S. weather bureau reported early today that dirt, rain, and the dust-bowl days of the 1930's, was blowing in "sections of New Mexico, the Panhandle country, southwestern Kansas and southeastern Colorado."

The rainstorms today were concentrated on the Atlantic seaboard from Maryland north into New England and southward from there across the eastern Great Lakes region, the border states and into the lower Mississippi Valley. Other rainstorms were reported in Montana, North Dakota and the northwest.

Some of the heavier six-hour falls were 1.24 inches at Washington, D. C., 1.57 at Elkins, W. Va., 1.23 at Albany, N. Y., and 2.33 at Oneonta, N. Y.

Moderately cool weather prevailed over the northern part of the country, but hot, humid air still hung over the South. Gila Bend, Ariz., reported 112 degrees Sunday and the mercury stood at 107 at Presidio, Tex.

## Chinese Hurl Back Attack

By WARREN FRANKLIN  
United Press Staff Correspondent  
SEOUL, Korea June 29 (UP)—Two Chinese regiments hurled back counter-attacks by 1st Division Republic of Korea soldiers today to retain their control of four key outposts protecting the invasion corridor to Seoul.

In an unusual daylight action, the 6,000 Chinese broke the long-held South Korean counter-attacks against outposts Bak, Queen, Han-nah and an unnamed hill. The ROK's fell back to their original defense line.

United Nations warplanes immediately began plastering Outpost Queen with 2,000-pound bombs.

The Reds supported their assault with an artillery barrage so intense that more than 1,500 rounds fell near a regiment command post far back on the mainline.

First Corps Commander Lt. Gen. Bruce C. Clarke narrowly escaped injury from falling shells.

Officers with the 1st ROK Division said they expected the Reds to throw a "do or die" push against the division tonight.

"We've chewed up two divisions so far and we expect them to throw in a third tonight," an officer said.

Eighth Army said a full division was ordered into the campaign for control of the Imjin River outposts line guarding the Choson Valley north of Seoul. Two regiments hit the ROK's and a third stayed in reserve.

United Press Correspondent Fred Panton said the ROK's withdrew from the four outposts on the orders of 1st Corps.

The ROK 3rd Division recaptured strategic Lookout Mountain following a savage five-hour fight. In a dawn attack, the South Koreans swarmed to the crest of the peak and repulsed two Chinese counterattacks.

Chinese troops hit ROK 1st Division positions after the heaviest rainfall in Korea's history had dumped 11.6 inches of rain on the east coast and three inches over the rest of the battlefield.

Panton said the Chinese took Bak just before noon and put one of their companies to work immediately digging in on the northern slope of the hill, which has changed hands five times in the past five days.

South Korean troops offered stubborn resistance in the struggle for Outpost Queen.

They charged up Queen's eastern slope, after the Chinese had taken the hill Sunday night, and reached the crest at noon. The ROK's fought hand to hand but lost the Chinese before withdrawing from the summit.

## Instant Death Comes To Two Countians As Car Leaves Road

Two young men of Calloway County met almost instant death last night when their green 1949 Ford left the road and crashed into a parked truck owned by Fred Kirkland of Coldwater.

The truck was parked in the yard of Mr. Kirkland.

It is not known exactly how the accident occurred, but the automobile was completely demolished in the crash.

Dead are:

Max E. Hicks, age 19.

Gene Terry Robertson, age 22.

According to information received the two young men were heading in the direction of Murray when the crash occurred. Apparently they were traveling at a high rate of speed, as the entire top of the Ford was peeled back as it went under the bed of the truck. After going under the truck the car hit a pickup truck and came to a halt.

One body was found on the South side of the highway and the other was found pinned in the car.

The Murray Rescue Squad was called by residents of Coldwater, and since some could not be located at the late hour, the signal was given for the squad to gather at the Murray Fire Station. President John Shroat said that normally the fire whistle is not blown on Sunday and on Wednesday evening, for the Rescue Squad, but that it was blown last night because it was necessary to find the members as quickly as possible.

First reports only indicated that a bad accident had occurred. One of the boys may have been alive when the squad arrived, he said, but that was not certain.

The accident occurred about 8:30 last night between Coldwater School and the Automotive Electric Service of Truman Turner.

Traffic was extremely heavy between Murray and the scene of the accident. Residents of the area have been requested again by Mr. Shroat to please leave ample space for the rescue operations to continue unhampered. Ambulances must have room to enter and leave the scene of an accident, he said, and highways should be unblocked to permit their free travel.

The two boys who were killed were scheduled to enter the Armed Services the first part of this week.

Mrs. Kirkland was sitting on her front porch when the accident occurred, and although she said she did not see the car leave the road, she saw it hit the truck.

There were no skid marks on the highway, which if present, might have indicated the car was out of control. Sheriff Wayne Flora

## Cary Middlecoff Set For PGA

WILLOUGHBY, June 29 (UP)—Victory in a tense playoff where \$800 rode on every shot proved today that dental Cary Middlecoff, of Memphis, Tenn., is set for the PGA golf tournament starting Wednesday.

Middlecoff had to go two extra holes Sunday to defeat Ted Kroll of New Hartford, N. Y., in the Carling's Open tournament. Middlecoff and Kroll, at the end of the regular 72 holes, tied at 275 strokes each, with Tommy Bolt of Maplewood, N. J., next at 279 and others fall in the rear.

That sent Middlecoff and Kroll into sudden death play with the difference between first prize and second prize, \$2,400 and \$1,800, hanging on every drive and pitch. Fred Haas Jr., of New Orleans, also starred in the final round by cracking the course record with a 10-under-par 62. He finished in a tie for fourth place at 280 with Ed (Porky) Oliver, Dutch Harrison, and Jim Ferrier.

## Al Lopez And The Tribe Goes West With 5 Game Win Streak

By NORMAN MILLER  
United Press Sports Writer  
NEW YORK, June 29 (UP)—Al Lopez and his Indians headed west today with a five-game winning streak and the happy assurance that the leading Yankees aren't the "supermen" they were cracked up to be.

"I've said all along, even when the Yankees were at their hottest, that it was much too early to start conceding them the pennant," Lopez said Sunday after Cleveland had beaten New York, 4-1, to sweep their three-game series and cut the Yankees' lead to six games.

"I don't think the Yankees are cracking and I'm not counting them out yet by a long shot, but I know now we have a good chance to catch them. Sweeping this series was the best thing that's happened to us."

Just a week ago the Indians trailed the Yankees by 11½ games in what seemed to many a "futile" chase. There were rumblings that the runaway race was running attendance "around the league." But the Yankees' seven-game losing streak and three key men named Luke Easter, George Strickland and Art Houtteman have boosted the Indians' hope considerably.

Easter, returning to action after a broken foot, has provided a big bat to take the pressure off Larry Doby and Al Rosen. Strickland has lightened Cleveland's infield defense immeasurably, and Houtteman is a capable fourth starting pitcher with a heavy schedule ahead.

Rosen's three-run first-inning homer and Early Wynn's masterful three-hit pitching were the big factors in prolonging the misery of the Yankees Sunday. Wynn, who achieved his seventh victory, also contributed a bases-empty homer in the fourth and had a one-hitter going until the Yankees scored in the seventh on a walk. Johnny Mize's double and Yogi Berra's single.

While the Indians were tightening the American League race, the Dodgers regained first place in the National League by one game when they completed a three-game sweep of their series with the Braves. Russ Meyer pitched a four-hitter as the Dodgers won, 11-1, and extended the Braves' losing streak to seven games. Lefty Warren, who pitched a four-hitter for the Braves, lost less than three innings as the Dodgers exploded with 16 hits, including Gil Hodges' two-run homer.

The Phillies remained, with in four games of first place by edging the Cardinals, 4-3, in 11 innings. The Giants trimmed the Cubs, 12-2, with the help of Jim Hearn's six-inning performance. The Redlegs spent a double header with the Pirates, 4-2 and 9-2, in other National League games.

In the American White Sox moved to within 6½ games of the Yankees by walloping the Red Sox, 13-4, the Tigers won the nightcap of a double header from the Senators, 5-1, after losing the opener, 5-2; and the Athletics also gained a split with the Browns, winning the second game, 2-1, after dropping the opener, 4-1. Carl Scheib pitched a four-hitter for the A's in the nightcap and drove in the winning run in the ninth with a single.

Jim Constantine pitched six shut-out relief innings as the Phils edged the Cards in the 11th on Granny Hamner's double, a sacrifice, and Mel Clark's infield out. Ray Jablonski hit a homer and triple for St. Louis.

Jim Rivera and Minnie Minoso hit home runs and Harry Doran came to the relief of starter Virgil Trucks in the seventh as the White Sox swept to their seventh straight triumph and their 14th in the last 16 games.

In other outstanding performances Sunday, Fred Barzawel pitched a five-hitter and Ken Raffensberger a four-hitter, and Gus Bickner hit a homer in each game in extending the Redlegs' winning streak to five; Clint Courtney made six hits in eight times at bat, including a homer and triple, for the Brownies; and Walt Masterson, of the Senators and Billy Hoef of the Tigers swapped "eight hit" victories in their twin bill split.

## Cultipacker Helps To Get Grass Stand

The importance of a cultipacker in establishing a stand of pasture is seen on the farm of W. A. Caudill of Rowan county, according to Adrian M. Razor, UK county farm agent. His was one of the

outstanding fields in the county, said Razor, while others in the community failed to get a good stand.

Mr. Caudill sowed a 14-acre field with fescue, orchard grass, and Ladino clover, then used a cultipacker. About 1,000 pounds of 3-12-12 per acre had been applied to the land following soil tests.
